THE COOPERATIVE WAY

BY KEVIN BRANDON CEO

KEVIN BRANDON

This month, Southeast Colorado Power Association (SECPA) is excited to host our Annual Meeting of the Membership at the Kiowa County Community Building in Eads, Colorado on the 27th of April at 5 p.m. This meeting is where the membership typically gets to vote on who they want to represent them on the Board of Directors, fulfilling the second cooperative principal of “Democratic Member Control.”

I say “typically” because this year, no petitions were filed by challengers to the incumbent Directors so all races are unopposed and therefore the incumbent directors will serve another term, with the exception of the incumbent director for District 5 – Otero County, who chose not to seek another term. This will create a vacancy in District 5, which pursuant to Article IV, Section 2 of SECPA’s Bylaws will be filled by a member of District 5 by appointment after an application and interview process by the Board of Directors. So, if you live in District 5 and are interested in serving on the SECPA board, watch for the posting of the vacancy on our website at www.secpa.com and local newspapers.

I also encourage anyone interested in serving on the board in the future to reach out to us to find out about the process of running for election to the Board of Directors. Serving on the board is a great way to help shape the future of SECPA and SECOM and be a part of “Democratic Member Control.”

Another important part of belonging to a cooperative is capital credits. As a cooperative, SECPA’s rates are designed to recover

costs, rather than to generate a profit which allows us to keep rates as low as possible. Any margins left after all expenses are paid are then allocated to the members as capital credits. Members receive a notice of capital credit allocations every year showing the prior year’s allocations and the accumulated capital credit balance.

Each year, the board determines how much of those accumulated capital credits to retire, which means those dollars are moved from allocations and paid back to the members who contributed to the margins in the years selected for retirement. Since 2018, SECPA has retired more than \$1.3 million, and this year we anticipate our largest retirement ever with checks arriving to your mailbox around the middle of April.

Also, in this issue of *Colorado Country Life* is a list of all the unclaimed capital credits. Please look at this list and let us know if you or someone you know is on this list, or if you are an heir of someone on this list. We would love to get the updated information to allow us to get these checks sent to the proper person.

April is an important month for SECPA and its members. Please join us for the Annual Meeting in Eads, and watch your mailbox, as you just might have a capital credit refund check headed your way.

YOU COULD BE A WINNER THIS MONTH

If you find your name in this issue as follows (WIN* your name, your account number), please contact Southeast Colorado Power Association at 719-384-2551 or 800-332-8634 to receive a credit on your next power bill. **Last month’s winner was Lois Brite.**

CAPITAL CREDITS

Southeast Colorado Power Association has made general retirements of capital credits during each of the last four years. Capital credit checks were issued to current and former members who had electric service from SECPA during or before 1969. Many former members have not provided updated address information to SECPA and their checks were returned as undeliverable. Members listed have unclaimed capital credits that amount to \$10 or more.

If your name is on the list or you are an heir of a listed member, please contact SECPA's Member Services Department at 800-332-8634. You may also contact us by e-mail at capitalcredits@secpa.com. Proof of identity is required to claim capital credits; heirs and successors must complete a collection of personal property affidavit. Learn more about capital credits on our website at www.secpa.com/capitalcredits.
