

# Simplify Your Life!!!!

- **Let your bank pay your electric bill.** Your co-op has an electronic funds transfer system (EFT) that will automatically deduct your electric bill from your checking account each month. So when you are on that long over due vacation, paying your electric bill is one less worry. You'll also save money by using fewer checks and no postage.
- **You always remain in charge with EFT.** You can cancel at any time. Your monthly statement will still be mailed to you and you will have approximately 7 days before the money is withdrawn to ask any questions about your charges. You will know exactly how much will be deducted from your account before it is actually deducted.
- **It's easy to sign up for EFT and it's FREE.** Just fill out the authorization form on the reverse side and mail the form and a voided check with your bill. Please pay the bill you have received as you are not yet enrolled in the EFT system and be sure to keep paying your bills until you have been notified that you have been enrolled in the system.

If you have questions about EFT, please call our office at 1-800-332-8634.

Help make your life hassle free!!!
